

CLINICAL TRIAL SUMMARY DESCRIPTION

TITLE: Call for NF1 Tumor Donations

OBJECTIVE OF STUDY *(please provide a description for PATIENTS interested in participating in the study):*

To study both benign and malignant tumors to understand the changes that cause growth and work towards better treatment

MINIMUM ELIGIBILITY REQUIREMENTS *(please include age, location and gender):*

PARTICIPANT ACTIVITIES (office visits, tests, take medications, etc): If you are planning to have any tumors removed (preferably at least the size of an average marble), and would like to contribute extra surgical tissue to this research, please contact Dr. Wallace (details below). She will discuss the research with you and help make arrangements, if you wish to participate.
