Connecting Patients
WE ARE COMMITTED TO BRINGING THE BEST NF CARE TO PATIENTS.

Connecting Researchers
WE ENSURE THAT THE BEST NF PROFESSIONALS FROM AROUND THE WORLD ARE COLLABORATING ON THE LATEST NF RESEARCH.

NF CLINIC NETWORK
More than 10,000 patients a year visit our NF Clinic Network.

NF REGISTRY
Join the thousands of people who have enrolled in the NF Registry, a critical tool in matching NF patients to clinical trials.

To join or learn more, go to nfregistry.org.

NF CONFERENCE
Our annual gathering of NF researchers and clinicians advances collaboration, research, and care for people with NF.

NF CONSORTIA
Collaborations accelerate research development through Synodos for NF1, Synodos for NF2, Synodos for Schwannomatosis, and other consortia.

To make a donation, become involved, or learn about Foundation activities in your area, please visit our website at ctf.org.
Connecting Communities

ACROSS THE COUNTRY, THE CHILDREN’S TUMOR FOUNDATION PROVIDES SUPPORT TO NF PATIENTS AND FAMILIES, RAISING NF AWARENESS AND FUNDS FOR RESEARCH.

About Neurofibromatosis
Neurofibromatosis, or NF, is a genetic disorder that affects 1 in every 3,000 people. It causes tumors to grow on nerves throughout the body, and can lead to deafness, blindness, disfigurement, bone abnormalities, learning disabilities, disabling pain, and cancer. NF occurs in all populations equally, and there is not yet a cure.

About Children’s Tumor Foundation
Founded in 1978, the Children’s Tumor Foundation (CTF) began as the first grassroots organization solely dedicated to finding treatments for NF. Today, CTF is a highly recognized national nonprofit foundation, the leading force in the fight to end NF, and a model for other innovative research endeavors.

Our Mission
Drive research, expand knowledge, and advance care for the NF community.

Our Vision
End NF.
