As a longtime supporter and friend of the Children’s Tumor Foundation (CTF), you have been vital in building this Foundation from a group of grassroots volunteers to the leading organization it is today, fully committed to finding treatments for NF. Make no mistake about it – the progress that has been made in the fight against NF is because of people like you, who are working to improve the lives of those with NF. It is a legacy of which you can be proud.

Our work, of course, is not yet done. Too many patients still have to “watch and wait” to see how their NF will progress. Our vision, therefore, is to end NF. We owe it to future generations of NF patients and families to see that vision become a reality. And as long as there is the Children’s Tumor Foundation, there will always be an advocate fighting hard for the NF community.

By making a special legacy gift to the Children’s Tumor Foundation, you will play an important role in ensuring that this work continues. Your planned gift is an investment in the long-term future of the organization. Many legacy gift opportunities provide tax benefits and allow you to make a meaningful difference without affecting your current income. More importantly, you will have peace of mind knowing that the Children’s Tumor Foundation will continue to lead the way in the fight to end NF.
The Children’s Tumor Foundation invites you to join…

THE NF LEGACY SOCIETY

The Children’s Tumor Foundation NF Legacy Society consists of individuals who have taken the extra initiative to ensure the future of NF research by including the Children’s Tumor Foundation in their estate plans.
Your Personal Legacy:
THREE OPTIONS FOR GETTING STARTED

Preparing your estate plan does not need to be cumbersome or complicated. Here are three ways to create your legacy by supporting CTF. Please speak to your attorney or financial advisor to determine which is best for you.

**BEQUEST**

Including the Children’s Tumor Foundation in your will (making a bequest) allows you to make a meaningful impact on the advancement of NF research without having to give up crucial assets needed during your lifetime.

To make a bequest to CTF, you will need to use the correct language in your will: “I hereby give and bequeath [cash amount, percentage amount, or property you are giving] to the Children’s Tumor Foundation, New York, NY for its general purposes.” To ensure that your wishes are followed exactly, we suggest including CTF’s full name and Tax ID in your will:

Children’s Tumor Foundation
Tax ID number: 13-2298956

**RETIREMENT ASSETS**

For individuals able to provide for loved ones through other means, making a gift of retirement assets, such as a 401(k), 403(b), IRA, or pension fund, may save your partner or spouse the significant burden of paying both estate and income taxes on the assets.

**LIFE INSURANCE**

Donating your life insurance policy to the Children’s Tumor Foundation may allow you to claim an immediate tax deduction for the current value of the policy, and you may possibly deduct future premium payments.

*Your planned gift will help advance the work that is improving the lives of those with NF. It is a legacy of which you can be proud.*
ABOUT THE CHILDREN’S TUMOR FOUNDATION AND NF

The Children’s Tumor Foundation is a highly recognized 501(c)(3) not-for-profit organization dedicated to finding effective treatments for the millions of people worldwide living with all types of neurofibromatosis and schwannomatosis. NF causes tumors to grow on nerves throughout the body and may lead to blindness, deafness, bone abnormalities, disfigurement, learning disabilities, disabling pain, and cancer. NF affects 1 in every 2,000 births across all populations equally. There is no cure yet—but as the leading force in the fight to end NF and as a model of innovative research endeavors, the Children’s Tumor Foundation’s mission of driving research, expanding knowledge, and advancing care for the NF community fosters our vision of one day ending NF.

“I’m thankful for all the NF research that CTF is funding, and I’m proud to encourage you to leave a bequest to the Foundation in your will, as I have. The Children’s Tumor Foundation has helped the field of NF research make tremendous progress toward finding treatments, so that people like my daughter Rose can live a better life. My planned gift will keep that progress moving forward for generations to come, and I’m grateful that I can be a part of that future.”

NF LEGACY SOCIETY VIRTUAL RECEPTIONS

As a way to thank the members of our NF Legacy Society, we are pleased to host an annual donor reception virtually via zoom with the Foundation President. These receptions provide our NF Legacy Society members the opportunity to hear about exciting research the Foundation is funding, learn the status of new NF clinical trials, and hear about innovative projects the Foundation is working towards. These intimate donor events provide our most important supporters the chance to meet, and learn from each other, share stories, and build community.

THE LASTING IMPACT OF LEGACY GIFTS

Since 2006, bequests have brought in nearly $4 million towards the Foundation’s mission. These gifts allow the Foundation to invest in and fund innovation at the moment it is needed and ensure that CTF will fund its mission no matter the circumstances. It’s a legacy of which you can be proud.
