At the Children’s Tumor Foundation, we’re dedicated to bettering the lives of the over 2.5 million people living with neurofibromatosis (NF). We want to end NF as fast as we can by connecting the unconnected, leading the way with a strategy that applies innovative and inventive approaches to scientific advancement and improved patient care.

This pioneering approach attracts the brightest minds in research and industry to NF, revamps systems so as to accelerate the pathway from discovery to treatment, and includes the voice of the patient every step of the way.

Read about the incredibly important things that happened in NF research in 2020, which are even now laying the groundwork for even greater scientific advancements in the near future.

Stay informed with NF research updates throughout the year at ctf.org/news.
