

**1 IN 3,000**

**BIRTHS HAS NF**

(NF is short for NEUROFIBROMATOSIS)

**THAT'S**  
**2,500,000**  
**WORLDWIDE**

**NF IS A GENETIC DISORDER**  
that causes tumors to grow on the nerves

**NF affects all**  
**populations,**  
**genders &**  
**ethnicities**  
**equally**

**1**

**2**

**3**

There are 3 types of NF:  
NF1, NF2, AND SCHWANNOMATOSIS

**YOU CAN'T CATCH NF – YOU'RE BORN WITH IT.**

**NF AFFECTS EVERYONE**  
**DIFFERENTLY**

It causes tumors to grow on nerves throughout the body and may lead to blindness, deafness, bone abnormalities, disfigurement, learning disabilities, disabling pain, and cancer.

**THERE IS NO CURE...YET**

**CHILDREN'S**  
**TUMOR**  
**FOUNDATION**  
**ENDING NF**  
THROUGH RESEARCH
