

## **Virtual Case Conference Series: Tibial Bowing in NF1**

**April 17, 2025 | 5:00 – 6:00 pm ET**

*Organized by the Clinical Care Advisory Board of the Children's Tumor Foundation*

### **Activity Description**

This series of 9 sessions offers case-based learning and discussion facilitated by leading NF clinicians. Each session focuses on different manifestations of neurofibromatosis and/or schwannomatosis (NF/SWN), and participants are encouraged to ask questions and contribute to the conversations. The session is presented by a student or new provider, mentored by a more senior clinician. This month will focus on management of tibial bowing in NF1 patients.

### **Target Audience**

This activity is directed towards physicians, genetic counselors, physician associates, nurse practitioners/nurses, and researchers with an interest in neurofibromatosis and/or schwannomatosis (NF/SWN).

### **Educational Objectives**

After completing this activity, the participant should be better able to:

- Analyze methods for diagnosing NF/SWN
- Compare management options for patients with NF/SWN
- Create treatment plans for patients with various manifestations of NF/SWN

After registering, you will receive a confirmation email with Zoom information.
